

## PE MAP Trip to watch the ‘Gymnastic World Championships’ at the O2.

On Tuesday 13<sup>th</sup> October, Adeyfield School’s ‘More Able Pupil’ coordinator in PE, Miss Kirkum organised a trip to the O2 arena to observe the World Champion Gymnasts competing at their best.

17 students were selected for either showing a talent across the PE curriculum as a whole or for being talented in gymnastics or trampolining.

The trip was very successful with the students watching the first round of the men’s competition. The students sat in awe as they watched the men compete on six pieces of apparatus including the floor, pommel horse, rings, vault, parallel bars and high bar.

Sat along side us was the Bronze Olympic medallist Lewis Smith. This was definitely a highlight of the day; receiving an autograph and a photo of Great Britain’s pommel horse champion.

The whole day was brilliant and enabled students to see what its like to compete at the highest standard. Let’s hope one of them will be a future world champion.
