

Exam Anxiety Protocols

The school recognises that exams can be a stressful time for students. Therefore, the following protocols are in place to support students who may require support:

- All students undertake mock examinations to prepare them for the routines and processes of the public examinations.
- All students can request access arrangements.
- Students can request to be accommodated in smaller rooms for their examinations.
- All students nominate a member of school staff who can be called in the event that the student is feeling anxious before or during an examination.
 - All invigilators are aware of this process.
- Pastoral and Curriculum leaders are present before each examination to provide support.
- All invigilators employed by the school receive training in pastoral support and school procedures for supporting students during examinations.
