	Performing Arts										
	Music										
Creative Industries	DT										
	Art										
	Computing/IT										
	Child Development										
	Business										

# Instruction Pack

## Weekly Planner

Learning Without Limits

The Weekly Planner grid is titled "Weekly Planner" and is for "Week 1". It features a header row with days of the week and a vertical column for time slots. The grid is empty for scheduling.

	Monday	Tuesday	Wednesday	Thursday	Friday
8.30 – 9.30					
9.45-10.45					
11.00 – 12.00					
1.00-2.00					
2.00-3.00					

## Where to find my work guidance

### Where do I find my work?

#### Google Drive & Google Classrooms

This is where the majority of work will be available for all students. You can log onto this from the school website using your username and password.

Teachers have uploaded work for each subject here with clear instructions.

You can complete your work in the folders provided.

#### ClassCharts

This is how teachers will communicate with you to alert you to any new work which has been uploaded. Please check this every day

**GCSE Pod** is an online revision website that has thousands of 'pods' that students can watch, listen to and test themselves on all GCSE subjects studied. Students in all year groups can access the content and students who have not been onto the system should click on 'New Here? Get Started' on the menu screen.
